We chose to use the number 12 (could be more) due to its' significance. This number has been adopted over many years because of what it represents in nature, religion, philosophy and other aspects of life.

In the floral industry, a dozen is associated with Roses. Not only is the Rose one of the most represented flowers, it is also gifted in dozens due to the unique qualities of the number itself.

A dozen Roses can be used to represent perfect beauty or to express one's complete love & gratitude.

As we all know, one dozen red Roses has become the definitive symbol of true love.

Please let your Wholesale Floral Consultant know what we can do for you. The above specials are available all week as supplies last. We appreciate you & your business, thank you!
